Set five years after the original, this new musical finds our original characters aboard a cruise ship, reuniting for more hijinks on the high seas. The original Menopause characters return: Earth Mother, Soap Star, Iowa Housewife, and Professional Woman. Their sisterhood is strengthened as they support one another through the chaos of dating, grandchildren, hot flashes, weight gain, and more. They celebrate the importance of friendship through "The Change."

Menopause is a cruise when you're with your sisters! This one-night tropical vacation turns the heat up — and the filters off! Women feel like they're getting to gossip with their friends as the characters explore sex, dating, and hot flashes in their menopausal years. This show makes women feel sexy, bold, and confident in their new life and new bodies. One audience member said, "You need to bring your Depends to this show! It's pee-your-pants funny!"

The original Menopause the Musical has entertained more than 17 million fans in every state in the continental U.S. and 500 cities worldwide and has been translated into nine languages.
